

FAMIS TIPS

Welcome Back....Hope everyone has been enjoying summertime! We know it is a busy time as everyone gets ready to begin a new school year. We want everyone to know that we are available for assistance to families and children with their FAMIS and Medicaid needs. We are aware that many in our region are experiencing changes in job status due to the economic decline. This often results in the loss of healthcare coverage. Please let us know as you may encounter those in need.
